

How to make your York Mind bunting

Please read these instructions carefully before cutting out your bunting. Two sheets of bunting printed on A4 paper should make about a metre of bunting. Feel free to make as many metres as you'd like!

1. Cut the triangles out carefully using scissors.
2. Using a hole punch, punch two holes at the top of each triangle.
3. Take a piece of ribbon or string and feed through the holes.
4. Lay the bunting flat and space your triangles out evenly, then put a small piece of tape on the back of each triangle to hold it in place on the ribbon or string.
4. Boom - you're ready to decorate!
